Gov. Comstock Visits Guard Camp

LARGE CROWD SEES GUARD

BIG ATTRACTION.

The annual training period for Michigan National Guard for the year 1934 is just about over. Perfect weather was had during the entire two weeks of encampment.

Saturday was a great day in the history of the guard when again the several organizations passed in review before the governor and Major Gen. Guy M. Wilson and his staff of officers. This was held Saturday afternoon, and, in spite of the change in days from Sunday to Saturday, Michigan cities were well represented at this colorful event.

In the evening a reception for Governor and Mrs. Comstock was held in the Officers Club. There was a large crowd present. Among those in the receiving line were Gov. and Mrs. Comstock; Gen. and Mrs. Wilson; Lt. Col. and Mrs. Bersey; Lt. Col. and Mrs. Pearson; Brig. Gen. and Mrs. Campbell, and others. The evening was spent in dancing and social conversation. Many Grayling people were in attendance.

On Sunday morning memorial services were held, when the roster of those who had answered the last roll call was read.

GUARD OFFICERS WIVES ENTERTAIN

Tuesday afternoon a very delightful bridge party was given at the Officers Club house with the wives of commanding officers.

at Camp Grayling as hostesses. The club house had been very attractively decorated with ferns and flowers. Those receiving were Mrs. Guy M. Wilson, Mrs. Leroy Pearson, Mrs. Edgar H. Campbell, Mrs. John S. Bersey.

Thirteen tables were filled for contract and auction bridge. The high score for contract being won by Mrs. Goodale and Mrs. Wilson and for auction by Mrs. Vander Zalm and Mrs. Fox. The door prize was won by Mrs. Edgar H. Campbell.

Several selections were sung by Mrs. Ray Zaharaski of Flint which were enjoyed as was the orchestra which furnished music throughout the afternoon.

The committee who arranged the affair were Mrs. Clark Apted, Mrs. Persons, Mrs. Staniford, Mrs. Gork, Mrs. Randall and Mrs. Taylor.

Refreshments were served by daughters of the officers—Poly, Nancy and Phoebe Persons, Patricia Randall, Nancy Bierwirth, Betty Rosencrans, Dorothy Barrendse, Christine Vander Zalm, and Mary Lou Gork. Oswald Dean Tower drew out the tickets in selecting the winner of the door prize.

Council Calls

Mass Meeting

TO EXPLAIN REASON FOR SPECIAL ELECTION

While the legal voters (taxpayers) of Grayling already have passed on the question of constructing a new waterworks system for Grayling, it is still necessary that another election be held. That is because of a technicality in the provisions as formerly voted, due to oversight by the attorney who drew up the form, according to Mayor Clippert. (It is only fair to state that these forms were no made by any local attorney.)

While the fault apparently is not a serious one, still the authorities in Washington insist that they be corrected and that another election be held. There may be a lot of our people who are not in position to find out the true facts regarding the legal requirements, and the possibility of a misunderstanding by some, and for that reason Mayor Clippert and our council have arranged for another mass meeting to be held in the school auditorium next Tuesday evening at 8:00 o'clock in order that the voters may have full understanding of the matter. The proposition is practically the same as it was at the time of the special election held last October 30th.

The situation, as we understand it, is that the bonds are secured by the waterworks system itself and do NOT become a lien upon the property.

Two questions will have to be voted upon. One covers the issuing of the mortgage revenue bonds and the other pertains to the granting of a franchise for the operation of the system. The latter is a safeguard by the federal government for in case that the bonds are not paid, that the plant may continue to operate.

The estimated cost for the construction of the new system is \$48,929.50. Of this amount the village must issue bonds for the amount of approximately \$40,000.00, which will be taken over by the federal government. The balance of the sum will be given outright by the PWA—(public works administration).

For full information regarding the matter, please read carefully the special election notice that appears in this issue of the Avalanche. And also please be on hand at the mass meeting to be held at the school auditorium next Tuesday night, July 24th, at 8:00 o'clock.

Village Taxes Due

The payment of village taxes is now due. These may be paid at my barber shop any day of the week except Saturday.

July 24 Last Day for Primary Petitions

ONLY 5 HAVE FILED TO DATE

There seems to be a scarcity of aspirants for county offices this summer, judging by the small number who have filed petitions. Those who have already placed their names on file with the county clerk are as follows:

Sheriff—Frank Bennett, Republican.

Clerk—Axel Peterson, Democrat.

Treasurer—William Ferguson, Republican.

Register—Ronnow Hanson, Democrat.

Attorney Merle F. Nellist says that he intends to file petition for the office of prosecutor. Of course it will be on the Republican ticket.

GRAYLING LOSES TO WEST BRANCH 12 TO 8

Backie's Blackbirds journeyed to West Branch last Sunday and returned on the short end of a 12 to 8 count.

Fritz, pitcher for West Branch, had the local boys under his thumb most of the time. He struck out the side in five innings and in the other four managed to whip the third one, five more batsmen bringing his total to 20 strikeouts—for the afternoon.

Jimmie Post starred at bat and in the field for Grayling. In four official trips to the plate Jimmie collected a double and a home run with one on base. He contributed two fine fielding plays, keeping the opponents from scoring on each occasion. He also started a snappy double play with one out and a runner on third base.

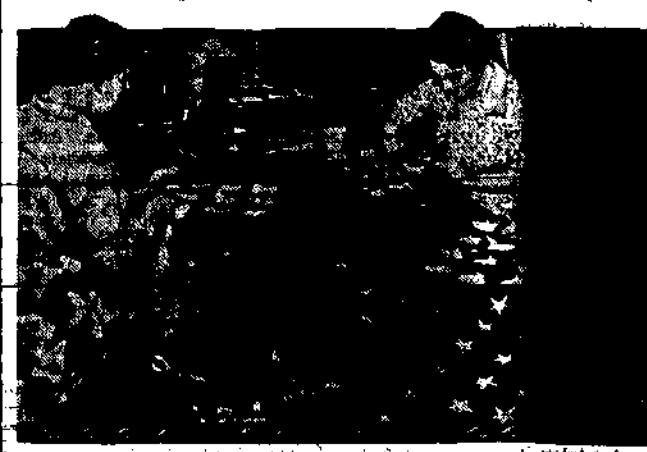

Bidvia was charged with the defeat permitting West Branch to score 9 runs on 11 hits in the first four innings. Perry relieved Bidvia and was nipped for five hits and three runs in the last five frames.

Ammond, West Branch second baseman, had a perfect day at bat with four singles and a double to his credit.

It will be of interest to many of the local people to know that despite his misfortune, Edgar McPhee is once more playing ball. He played first base for West Branch and turned in a sharp double in the ninth inning to put West Branch ahead and clinch the game for his teammates.

These two teams meet on the local diamond August 12th.

Red Arrow Post Holds Reunion Here

Those of the Red Arrow Post of the 32nd Div. who attended the reunion staged here Saturday certainly seemed to be having a hilarious time. A number of tents had been allotted for their use at Camp Grayling, and in town the doors of the Legion hall were thrown open for their use.

Their drum and bugle corps paraded on the grounds at Camp Grayling in front of the Officers club and later Saturday evening they came to Grayling and staged a parade on the streets carrying red flags and all exservice men joined in the march; this program which was somewhat belated was halted by an electrical storm.

There was a big crowd of the Legionnaires and their wives present from Flint and Detroit, and they made merry until the wee hours of morning. Members of the local Post were on hand to give them a royal welcome and bid them have a good time, which they evidently had.

WILLIAM GILDNER

The remains of William Gildner, who passed away at Mercy Hospital Wednesday night of last week, were taken to West Branch today for burial, accompanied by relatives and Robert Ziebell and son Jenson. Many relatives of the family reside there and the Gildners were also former residents of that place and the funeral was a very large one. Services were held at St. Joseph's church with Fr. E. U. Miller officiating and interment was in St. Joseph's cemetery. Nephews of the deceased of West Branch Edward Gildner, Frank Schmalz, Michael Knener, William, Rau, Henry Buckle and Joseph Walters, acted as pallbearers.

Mr. Gildner was born March 13, 1872 in the village of Wellesley, Waterloo County, Ontario, and his boyhood was spent there. In 1898 he was married to Odette Schmalz at Stratford. They remained there until 1900 when they came to West Branch and from that time on he followed the lumbering game working there for the Bachelor Timber company as inspector. The family lived there until 1916 when they moved to Grayling and Mr. Gildner secured work at the duPont plant. He remained in their employ until they closed their plant and then worked for Salling Hanson company until they ceased operations. He was also employed at the Grayling Box Company for three years and at the time he was taken ill was working at the Kerry & Hanson Flooring mill. Mr. Gildner had been in ill health for about two years and underwent an appendix operation at Mercy Hospital on July 8, passing away a few days afterwards.

Surviving is his widow, son Joseph and 4 grandchildren, all of whom have the sympathy of many in their sorrow. Mr. Gildner was a kind and loving husband and father and a good neighbor and he will be missed very much from the little family circle.

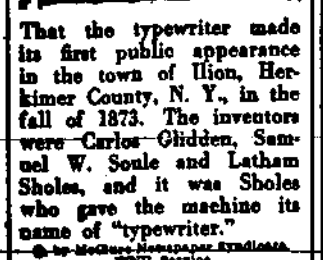

Funeral services will be held at 10 o'clock Saturday morning at St. Joseph's church.

Grayling, Michigan.
Dear Dr. Clippert:

The Outdoor Festival committee and the City of Grayling wish to extend to you and the people of Grayling their appreciation for the splendid assistance given us by your attendance and the Grayling Band.

We realize that the success of such affairs depend entirely upon the co-operation of the surrounding communities.

Again thanking you very much and that you were able to attend this Festival, I am, Sincerely,
Louis Thron,
General Chairman.

Do You Know?

That the typewriter made its first public appearance in the town of Ilion, Herkimer County, N. Y., in the fall of 1873. The inventor was Carlos Glidden, Samuel W. Soule and Latham Sholes, and it was Sholes who gave the machine its name of "typewriter."

Our sincere appreciation is extended to our friends for their kindness and beautiful expressions of sympathy in our recent bereavement.

Mrs. Edward Sorenson, Mr. and Mrs. Glenn Robinson and Family.

Recreational Notes

Our enrollment has increased during the past week to 170 boys and girls.

Since changes in the schedule have been made. Now that the new tennis racquets have arrived, tennis will be from 9:00 A. M. to 12:00 M., which adds an extra half hour each day. For playground work, the younger boys will meet each morning at 9:00 instead of 3:00 P. M. as formerly; and the younger girls will meet at 1:30 P. M. instead of 3:00 P. M.

The return games with Gaylord will be played here on Tuesday, July 31 at 2:00 P. M. at the Tourist Park.

Miss Reagan has suggested that a program be carried out on the South Side playground. Watch the bulletin board in the Post Office concerning this.

During the four weeks left of the program, we have baseball games scheduled with Gaylord and a field day at Otsego Lake besides our own meets and tournaments. Meets in tennis, swimming, and boxing are being sought, but there seems to be a lack of these sports in surrounding towns.

Grayling Breaks Even At Gaylord

On Tuesday, twenty-eight Grayling boys and girls journeyed to Gaylord and played the soft ball games originally scheduled for last Thursday. The girls led by Eva Mae Bugby, who lashed out three home runs and a double in four trips to the plate, made their thirty-four hits account for twenty-eight runs. The Grayling girls were limited to thirteen hits and four runs. After the first inning in which the Grayling girls battled twice around and scored thirteen runs, the game never was in doubt.

The boys met a fast, well-balanced team and put up a good battle. Grayling outscored them five to one, getting fourteen hits to twelve for Grayling. The game was closer than the score showed. The Grayling boys filled the sacks several times but couldn't push them across the home plate. Murphy led our boys attack with a double and two singles in three trips to the plate. Boyce led the Grayling offense with three singles in four trips to the plate.

The diamond was in perfect condition, the officiating couldn't be beaten, and good sportsmanship all around was shown.

We are indebted to Mrs. Reagan, Mrs. Martin, and Mrs. Mosher for the use of their cars in getting to Grayling.

Box scores of the games will be found at the Post Office bulletin board.

1,000 Will Attend Forestry Lecture

Next Wednesday, July 25th, Mr. Wheeler of the Washington Forestry Lecture bureau, will deliver an address on Forestry, at the Grayling School gymnasium. This is being presented for the benefit of the near-by CCC camps.

Mr. Wheeler's lecture will be illustrated and is intended to instruct the men in the camps in practical forestry, and to show what is being done in other sections of the country in forestry. It is expected that there will be about 1,000 present at the gathering which will tax the capacity of the big gymnasium.

The local arrangements are being taken care of by Capt. Betts, commanding officer of the 4th district CCC area, comprising seven camps. Use of the gymnasium was granted by the members of the school board.

ANOTHER PICNIC FOR "CHIEF BRAND" CLUB

The "Chief Brand" club of the Kerry & Hanson Flooring Co., will have their second picnic of the season Sunday, July 22nd at Kyle Lake. The first picnic was such a splendid success and so many demands were made by others than the club members to join the forthcoming frolic that the Club voted as follows for this event:

Former employees of the Flooring Company may attend and relatives of club members may attend upon invitation by a member. All who plan to attend the picnic must be registered no later than Friday, July 20th, by 6:00 o'clock P. M. All registrations to be made by the treasurer, Wm. Wilson.

As usual it will be pot luck lunch. Concession tent free to all.

Clare Man Dies of Auto Crash Injuries

George Sherwood, age 43, of Clare, died at Mercy Hospital yesterday afternoon from injuries received in an auto accident that occurred Sunday evening. Driving down the large hill on US-27 about a mile and a half south of Grayling one of the tires blew out causing the car to turn over three times and finally crash into a tree. Mr. Sherwood suffered a broken back and other injuries and his wife Mrs. Sherwood was cut and bruised about her head and shoulders. The other occupants of the car, the two Sherwood children and Mr. and Mrs. F. C. Davey were slightly injured. Mr. Sherwood was an agent for the Ann Arbor railroad and Mr. Davey is the postmaster at Clare. They were returning home from a picnic.

MRS. TERRACE WALLACE

In the passing of Mrs. Terrace Wallace this community is bereft of a lady whose sterling character was an example to all with whom she came in contact. As a lady of culture and refinement she was interested in the finer things of life, giving her time and talent in musical circles. For a number of years she played the organ and trained the choir in the Memorial church most efficiently and was never absent except for illness.

She with her husband, Mr. W. E. Smith and daughter Bessie came to Grayling in 1919. That same year Mr. Smith died at Mercy Hospital with pericarditis. She remained in Grayling until 1925 when she moved to Cass City. That same year she was married to Terrace Wallace of that city and resided there until 1931 when she was stricken with paralysis and came to live with her daughter Mrs. Oscar Hanson with whom she remained until her passing last Thursday afternoon.

She had five children to her first husband. Two of whom remain to mourn the loss of a devoted mother, Mrs. Oscar Hanson of Grayling and Mrs. Walker Munro of Detroit.

A short service was held at the Hanson home Friday evening, Rev. Salmon being in charge of the service. Mrs. Milnes sang "Now The Day Is Over," and was accompanied by Mrs. Salmon.

The remains were then taken to Ridge Town, Ontario, for burial.

Mrs. Wallace was born Dec. 19, 1890 in Channing, Ontario. She remained in Canada until she moved to Grayling in 1919 where she made many friends especially in the church where she was found nearly every Sunday. Her presence here will be missed for some time to come.

To The Voters Of Crawford County

I wish to announce my candidacy for the office of County Treasurer on the Republican Ticket.

Charles Gierke

PRESIDENT ROOSEVELT made brief but pleasant visits to Puerto Rico and the Virgin Islands, inspecting government projects and talking reassuringly to the inhabitants. Then the cruiser Houston headed for Cartagena, Colombia, for a short stop before going to the Canal Zone.

At Colon practically the entire population was out to see Mr. Roosevelt, and he was cheered all the way through the canal to Balboa. There he landed and motored to Panama City, where he was the guest of President Ariza at dinner and delivered an address. Returning to Houston, the President began the 12-day journey across the Panama Canal.

D. E. HEDIN, famous Swedish explorer, has been captured for the second time by Gen. Ma Chung and his "army" of bandits in eastern Turkestan. Taken with Hedini were a dozen or so of his companions. The captives were reported to have been imprisoned in an inaccessible camp in the neighborhood of Aksu, and officials of the Chinese government said that their rescue would be exceedingly difficult. Hedini was engaged in laying out a new trade route across China, following the ancient silk caravan route. Last March General Ma captured him and held him for three weeks.

WHEAT production in the United States this year will be the lowest since 1896, according to the government report. For the second year since 1890 the yield will fall below domestic consumption.

The government's figures, which completely upset calculations of the grain trade, indicated the aggregate of the country's five leading grain crops will fall 450,000,000 bushels short of last year's production and 1,588,000,000 bushels below the yearly average for the period from 1927-31, which is customarily used as a standard of comparison.

The government estimated the total wheat crop at 484,000,000 bushels, which is 18,000,000 bushels below the forecast it made a month ago.

Even more sensational than the report on wheat was the government prediction of a corn crop of 2,118,000,000 bushels. Private authorities had predicted a crop of 2,384,000,000 bushels, and it was believed that the government's figures would show little change. The corn crop has been counted on to make up the known deficiencies in other feed crops. Last year the corn crop totaled 2,380,000,000 bushels and in the five years from 1927 to 1931 the country produced an average of 2,516,000,000 bushels a year.

THROUGH four centuries of southern Illinois a tornado swept, and Jacksonville was especially hard hit. Scores of persons were injured and the property damage was estimated at a million dollars. Hundreds of the big oaks, elm and cottonwoods that have been the glory of the city for many years, were destroyed.

IT MAY be that William F. McCracken, Jr., will not have to serve the ten days in jail to which the senate sentenced him. The District of Columbia Court of Appeals, by a 3 to 2 vote, declared the senate had not the jurisdiction to inflict such punishment. The case will be heard by the supreme court.

McCracken was tried by the senate for contempt because he refused to give the armament committee copies of correspondence with his clients. He claimed that as a lawyer he could not produce the documents without permission from those whom he represented.

THOUSANDS of applicants for FWA funds are sure to be disappointed, according to Secretary Ickes, who says nearly all that administration's money has been allocated or earmarked. President Roosevelt recently turned over to FWA about \$400,000,000 of the maximum of \$500,000,000 which congress authorized him to allocate for public works.

Ickes said the other \$100,000,000 might be handed over to the FWA later, but that "we are proceeding on the theory that we will have \$400,000,000 to spend" in addition to the original \$500,000,000 appropriation disposed of long ago.

THE world civil service commission of the Methodist Episcopal church, in session at Evanston, Ill., voted to participate in the campaign against dirty moving pictures that originated largely in the Legion of Decency organized within the Catholic church.

This campaign is having its effect on the movie industry and the makers of film pictures have been deeply disturbed. James I. Brown of Will Hays' office has been made virtual dictator of pictures as far as their decency is concerned. One of the largest concerns making movies have agreed to "great exhibitors the right to omit the exhibition of any motion picture released prior to July 15, 1934, against which there is a genuine protest on moral grounds." This is a big modification of the "book booking" system that has prevailed, and at Hays' office in Hollywood it was said that it will cost the producers around ten millions of dollars.

THE Conservation department reports Percy Campbell of Grayling and Adam Worsaw of Muskegon in jail at Roscommon for killing deer out of season. They are serving 30 day terms.

WILLIAM Johnson, who is running a shoe repair shop at Indian River is visiting his daughter Mrs. Oscar Berchard and family. Tuesday they drove to Frederic to visit his other sons and daughters who reside there.

CAPTAIN and **MRS.** John Erkes entertained as week end guests, Mrs. Edward Vos and Mrs. Edward Boitthous of Spring Lake, Mich., and Mrs. S. J. Ayraud of Detroit, and Miss Olive Ayraud of New Orleans.

FRANK Deckrow and his grandsons, Theon Deckrow, Ray and Norman Stephan, enjoyed a boat trip in two boats down the river camping along its banks last week. They were gone for the week and went as far as Mio.

HOMER Rutledge, age 59 years, a well known resident of Lansing and Roscommon, passed away at his summer home in Roscommon early Sunday morning. Besides his aged parents he is survived by his brother Bruce Rutledge of that place.

DEVERE Schmidt spent the week end in Detroit where he took in the Tiger-New York game. On his return he was accompanied by his cousin, Miss Edwina Warner, of Detroit, who will spend the summer at the Holger Schmidt home.

MRS. A. R. Engler (Margaret Fischer) of Philadelphia has been visiting her sisters Mrs. Carl Sorenson and Mrs. Irving Hodge during the past week. Yesterday the former's daughter and husband, joined her here and another sister Mrs. George McPeak (Lillie Fischer) and daughter Mary of Yakima, Washington arrived here for a visit.

A record-breaking demand has sent Chevrolet production to its highest total in four years

SINCE January 1st, Chevrolet has produced more than half a million cars and trucks. This tremendous total has broken all Chevrolet records for the last four years. And here is the reason behind it: No other manufacturer has so much to offer as Chevrolet. Chevrolet is the only low-priced car with patented Knee Action, and only patented Knee Action gives you shock-proof steering combined with the new jolt-proof gliding ride. Chevrolet alone in its field provides Fisher Bodies, cable-controlled brakes, Y-K frame, and a dozen and one other important features. Do you wonder that the trend is to Chevrolet?

Camp AuSable

Camp AuSable has not been doing very well in the CCC soft-ball league, having won only one game while losing six. However, things are expected to be different from now on. If we can't win in soft-ball, maybe we can in hard-ball. A dozen or so of the new rookies claim to be good baseball players, so they are being given a chance to prove it. The first game for the new team was Tuesday night with Co. 674. It was some game, Co. 674 smashed through with victory in one extra inning. The score was 3 to 2. There was good pitching on both sides. The colored boys on each team added much to the spirit of the game.

The CCC boys are always busy constructing Truck Trails and Fire Breaks so this work can hardly be called "News" each week. But the boys have been working on three slightly different projects this month.

No. 1. The AuSable State Forest now has its boundaries marked with official signs. The Forest stretches some fifteen miles west of Grayling and thirty-one miles east and in one section seventeen miles north; so foreman Carlos LaGuire and his crew had to cover a lot of miles to put up the one hundred and thirteen signs it took to mark the boundary of this forest which is forty-six miles long, seventeen miles wide, and covers parts of five counties.

No. 2. The boys from Co. 681 have started work on two projects which will help attract more and more tourists and sportsmen to Grayling. Six camp sites have been designated in the AuSable Forest, five for auto tourists and one for a canoe camp. Stoves, tables, and toilets are to be placed at all these sites. Information as to the location of these camp grounds can be obtained from Mr. Max Lange, State Forest Headquarters, Red Oak, Michigan.

No. 3. Another project which starts this week is some much needed stream improvement on the North Branch of the AuSable River. The nationally famous AuSable should in the future be even more famous as a fisherman's paradise.

Friday, July 20, Mio celebrates the opening of her new Communi-

ty Building. An extensive program, including five boxing bouts and a dance has been arranged for the event. The two CCC Camps, Luzerne and AuSable, are furnishing the fighters and in return Mio is giving CCC boys special rates to the dance.

UNCLE SAM is determined to get John Dillinger, the country's most notorious desperado. A few days ago Attorney General Cummings offered a reward of \$10,000 for the capture of the murderer and bank robber, and half as much for information leading to his arrest.

At the same time the attorney general offered \$5,000 for the capture of Lester M. Gillis, Nelson, Dillinger's right-hand man, information leading to Gillis' capture will be rewarded with \$2,500. This setting was followed up by consideration of plans for coordinating federal, state, and local efforts to catch Dillinger. It was understood that plans using the army and National Guard in the offensive were under discussion.

The federal charge against Dillinger is transporting a stolen automobile across the state line. Nelson is wanted in connection with the murder of W. Carter Baum, Department of Justice agent, near Rhineclander, Wis., April 23. In addition to the federal prize, the person who can catch Dillinger will receive \$1,000 reward from each of five states—Indiana, Illinois, Michigan, Ohio and Minnesota.

The Little Brown Schoolhouse

By ANNE CAMPBELL

AROUND those brown walls my affections entwined. Although they are standing no more. In my memory lingers its simple design.

The windows, the thick, oaken door. The little square panes have admitted the light. Of many a long day for me.

As I studied the "Three Rs" at home every night. The face of my teacher I'd see. The desks were initialed with names that are cut. On many a tall granite shaft. The blackboards have vanished where I used to put Gay pictures while naughty boys laughed.

Remember the globe that revolved on the shelf? The books that were penciled and worn? The dunce with his tall cap, who stood by himself. The victim of scholarly scorn? We girls wore bright aprons of gingham and print. And when we got home every night Our mothers would say: "Now you must do your share."

For our samplers were mother's delight. The boys did the chores after school, and arose With the first faint approach of the sun. To help in the barn. . . On their nimble bare toes They scurried till all tasks were done.

The little brown schoolhouse! What memories rise. Of days that will not come again! Of orchard and garden and clear sunny skies. Broad meadows and green, wind-ing lanes. The school bell will ring in September to call Our children to lessons once more. But never again will our own shadows fall. The length of the old schoolhouse floor. Copyright—WNU Service.

Question Box

By ED WYNN

Dear Mr. Wynn: I wrote you some time ago to help me solve a "Cross-Word Puzzle." I asked you for a twelve-letter word meaning "Letter-Carrier," and you said "Postman." The word "Postman" only has seven letters. Where are the other five letters?

Truly yours, WINDYER WORD.

Answer: The other five letters are in the postman's bag.

Dear Mr. Wynn: I have always heard that living in the country is much healthier than living in the city. If this is true, why is the air so much purer in the country?

Yours truly, C. D. SOIL.

Answer: The reason the air is so pure in the country is because the farmers keep their windows closed.

Dear Mr. Wynn: I have never traveled before, so am seeking some information. I understand that in every city there are two kinds of hotels—American and European. I know what it means by an American hotel, but what is an European hotel?

Sincerely, I WILL TOUR.

Answer: You can tell a European hotel very easily. Fighting on every floor.

Dear Mr. Wynn: I am a minister of a church and notice my congregation on Sunday is composed mostly of women. What do you suggest to help me get the men?

Yours truly, I PREACH.

Answer: Put a putting green in the rear of the church and reserve the last two rows for smoking. The Associated Newspapers WNU Service

ICE BOX DAINTIES

FOR those who have the electric refrigerator the following recipes will be helpful and suggestive:

Refrigerator Dessert. Allow four thin crisp cookies, plain or chocolate, for each serving. Take one-half pint of heavy cream whipped for a serving of six. Flavor and sweeten the cream, then spread a cookie, top it with another and more cream until four are used. Finish the top with a bit of cream and a cherry. Let stand four hours in the ice box. Serve on chilled plates.

Frozen Peanut Butter. Cream two cream cheeses with a fork, add one-half cupful each of chopped green pepper, celery and pimientos; one-third cupful of peanut butter, one-half teaspoonful each of paprika and salt, one tablespoonful of lemon juice and one-fourth of a cupful of mayonnaise. Mix well, then fold in one-fourth cupful of heavy cream. Put into the freezing tray and freeze until firm. Serve on lettuce with a rose of mayonnaise.

Cocoa Charlotte Russe. Dilute four tablespoonfuls of cocoa with one-fourth cupful of boiling water, cool, add two cupfuls of heavy cream whipped until stiff, fold in the stiffly beaten whites of three eggs, one-fourth teaspoonful of salt, one tablespoonful of orange or any favored fruit juice, one teaspoonful of vanilla. Line a mold with lady fingers, trim to fit mold, fill with the cream mixture, cover and chill three hours. Unmold on a serving dish and serve with chilled whipped cream.

Apricot Parfait. Drain the juice from a can of apricots, add one-fourth cupful of sugar and boil ten minutes. Pour the syrup over stiffly beaten whites of two eggs and cool. Freeze drained apricots through a coarse sieve and chill for twenty minutes. Whip two-thirds of a cupful of whipped cream and add the apricot pulp, mixing lightly but thoroughly, then combine with the chilled syrup and any extract, again mixing well. Serve in sherbet glasses. © by Western Newspaper Union.

Manifold Ways in Which the Banks Are Serving the Nation

Handling Millions of Transactions Daily for Individuals, Corporations and State and National Governments—The Structure Strengthened and Deserving of Public Faith

By FRANCIS MARION LAW, President American Bankers Association

THE banks of the nation provide the machinery through which pass daily many millions of checks and drafts, aggregating hundreds of billions of dollars.

The banks are naturally returning to a more normal lending policy. Before the bank holiday the confidence of the people was shattered. The thought uppermost in the minds of depositors was the safety of their funds. Withdrawals from banks became increasingly heavy in general. Under such circumstances the banker, mindful of his primary responsibility to his depositors, was more concerned in the collection of loans than in the making of new loans. The result was a severe contraction of credit. For this the banker should not be blamed. He simply performed his manifest duty.

Bankers at this time are very properly viewing the credit needs of business with serious and sympathetic consideration. Applicants for loans are not always familiar with the rules governing bank credit and constructive and interested help on the part of the banker will bring about the making of many additional loans, and without doing violence to any principle of good banking.

Certainly no one would advocate the making of unsound loans by banks. The creation of a large volume of unsound loans would not only weaken the banks—it would prolong the depression and wipe out some of the gains already made. It is to be earnestly hoped that no banker will yield under the pressure of his desire for earnings, or for any other reason, and make loans of the wrong sort.

There are many needs for credit of kinds which are not within the province of commercial banks to meet. Likewise there are many types of credit, but there are also many types of credit facilities available enough, it would seem, to meet the requirements of all classes of worthy borrowers.

The Duty of Every Banker It is clearly the duty of every banker in the country to perform certain services. The most important of these are:

1. To afford perfect safety for deposits.

2. To grant credit to those who deserve it.

In the matter of credits the public must in fairness remember that commercial banks are not lending their own money, but the money of their depositors, represented very largely by the earnings and savings of the people. The people who own these deposits have accumulated them through years of labor and sacrifice, and in many cases the deposit represents their all. These depositors have the right to call for their money at any time, or at least on short notice. Deposits constitute a sacred trust.

There are certain basic principles in sound banking that must be held onto even in this period of change, but the progressive banker must be responsive to changing conditions and he must be active in seeking proper opportunities to meet the sound needs of his customers. Repeated assurance has been given by the Administration that there is no desire on its part to continue government lending a moment longer than is necessary and that at the earliest possible time the government will gladly give way to the banks and other lending institutions. This, of course, is as it should be and we are all earnestly looking forward to the time when private initiative and enterprise shall have recovered its vitality sufficiently to throw government crutches away.

Numerous bank failures have created in the minds of many a grossly exaggerated idea as to the losses of depositors in closed banks. The record indicates that depositors in banks which closed in the past three years will realize on an average about 65¢ on the dollar. That would mean a loss of 35%. It has been estimated that during the depression the average value of investments in stocks lost about 80%; bonds similarly declined approximately 60% and commodities 65%.

Deposits in sound banks continued to be worth 100% throughout the depression and 90% of the bank deposits of the country were not affected.

Bankers Deserve Confidence. The country can have full confidence in the integrity and competence of the bankers of the country. Out of the lessons of the last few years has come experience that will be valuable to the banker and to his community. He can be counted on to show a proper appreciation of his responsibilities and obligations and to take his place among those who are making earnest and unselfish effort to promote recovery. He is not infallible, but with every power that lies within him I believe he may be depended upon to fulfill his duty as a custodian of the people's money, as a dispenser of credit and as a co-worker with the American citizen toward a brighter future for the common good.

FOR THE TEA TABLE

SO MUCH depends upon the attractiveness of the tea table—simplicity in the rule, even where the pocketbook need not be considered. One need not buy expensive teas, either, for the ordinary ones when treated to a bit of orange peel, a flower or two of jasmine will have a flavor which will be found quite distinctive.

Dainty open sandwiches which take time to prepare but are fetching in appearance are often all that is served with the cup of tea. Cut the bread into one-half inch slices or a bit thicker, then into rounds or in any design. One may have hearts, clubs, diamonds or spades if so inclined, as there are all sorts of sandwich cutters on the market. Spread the bread lightly with mayonnaise, then pipe on cheese with whipped cream, decorate with finely minced parsley, peppers or candied fruits. There is no end to the variety which anyone may think up, and use almost any food at hand.

Many hostesses like to serve preserved fruits for sweetening, such as pineapple, candied cherries, orange quarters, glazed, and various other combinations. With the fragrance of the tea and fruit one needs some sweetening. Rock candy makes a delightful one, as it may be bought in various colors to match the decoration. This adds much to the appearance of the table. This is never placed in the tea, but passed that the color may add delight to the partakers.

Other candy favors are in-vogue—mint is always enjoyed. Fresh mint dusted with powdered sugar is especially attractive.

Peanut Muffins.

Mix and sift two cupfuls of pastry flour with four teaspoonfuls of baking powder, one-half cupful of granulated sugar, one-half teaspoonful of salt, one-fourth cupful of peanut butter, and two tablespoonfuls of butter, add one cupful of milk, mix well and bake in well-greased muffin tins twenty minutes. Serve hot with a salad for a main course at luncheon. © by Western Newspaper Union.

Grayling's New Chemical Plant.

The Grayling Wood Products Company of this village, has broken ground for a chemical plant which will be the largest in the state, it is claimed. The company has a nominal capital stock of \$50,000, but there are millions behind it; Detroit and Chicago men being the incorporators and all needed capital stock will be cared for by our own people.

The new factory is being built south of the flooring mill and east of the M.C.R.R., and three hundred men will be employed, when completed.

Wood alcohol, turpentine, acetates, charcoal, wood oils, tar, etc., will be manufactured, both deciduous trees and pine stumps being utilized.

The retorts for the use of pine will be first completed, and set to work, while the larger work is being built.

The organization is complete with R. Hanson, Pres., and N. Michelson, Sec.-Treasurer.

Miss Nora Goslow of Eagle-town, Mo., is visiting Miss Glausy Peck.

Dr. Conran, of Detroit, is down the river, stopping with Geo. Stephan, and had the good luck to capture a rainbow trout measuring 23 1/2 inches, and weighing six pounds.

Wilhelm Raue and his bride returned from their trip to Denmark Tuesday, well and happy, though somewhat fatigued. They have enjoyed every hour of the journey and report the rest of the Grayling people well and hearty. They are welcome home.

Mrs. Fred Easman, of Beaver Creek, was thrown violently from a load of hay last Friday by the sudden plunge of the team, made restless by the attack of flies, and suffered a fracture of her limbs at the knee.

Bernard Christiansen came up from Flint Monday, having been called as a witness in a case pending here.

Miss Clara Lietz, of AuSable was visiting Mrs. M. Henne here at the time of the fire at AuSable last week. Her home and household effects were destroyed, in fact, her savings of a lifetime

were wiped away.

Wednesday morning July 19th, 1911, Robert Reagan and Miss Eva Robinson, both popular young people of Grayling, were united in marriage by Rev. J. J. Reiss. Francis Reagan, brother of the groom, acted as best man, and Miss Elizabeth Salling attended the bride. The bride wore a dainty blue traveling suit. They left for an extended trip to relatives in New York and New Jersey.

At 10 A. M. June 27th at the home of Rev. Dunkle of Saginaw, who officiated, Miss Daisy Hirst of that city, and Louis J. Kraus, of Grayling, were united in marriage. The happy pair left on the midday train for Ludington, thence by boat to Milwaukee, Lake Geneva and Elkhorn in Wisconsin, returning to Chicago and from there to Manitowish and Northeastern R.R. They are receiving the congratulations of friends at the home of Albert Kraus until August 1st, after which they will be "At Home" in the new residence, nearly completed on Michigan Avenue.

Mrs. Wm. Woodburn started for Manitowish, yesterday, where she will remain with her daughter.

Mr. S. Griswold, Supt. Chardon Schools at Chardon, Ohio, is here visiting Atty. F. G. Walton and family.

Frank Love, of Beaver Creek, lost a quantity of hay and about 1 1/2 miles of fence in the forest fires of last week.

Rev. J. J. Reiss leaves next Monday for Shawano, Wis., to spend a few weeks with his sister and brother, who reside there.

Mrs. Harry Pond and daughter Dorothy, have been in the city this week. They are anxious to get settled in their old home.

A marriage license was issued at the County clerk's office July 14th to Ellison Avery and Mae Loxo, both of Lovells. Justice Joseph Simms did the rest July 15th.

Invitations are out for the marriage of Miss Katherine Elizabeth Bates to Mr. Benjamin Jerome, both of this village on Wednesday evening August 2. They will make their home in Grand Rapids.

THROUGH A Woman's Eyes

By JEAN NEWTON

PRETTY SMALL

A VISITOR to the Mt. Wilson observatory in California was describing her experience in looking through the most powerful telescope in the world.

She told of the thrill of looking upon the moon as if it were but five hundred miles from us; seeing a billion stars, though but six thousand are visible to the naked eye; observing a light that has traveled at a speed of 186,000 miles a second for nearly a million years! The thrill of seeing a universe which revolves around the sun as our universe revolves around "the sun"; of realizing that there are literally millions of such universes!

And she made the inevitable comment: "It makes you feel pretty small."

It reminded me of my experience last summer in the planetarium in Chicago. There one saw not the real phenomena of the heavens themselves, as through a powerful telescope, but merely a projection like a motion picture across a dome above one's head, of those travels of the earth which account for the phenomena of day and night and the change of seasons—the travels of the earth in its orbit.

And did that make me feel small? It made me feel, and all the problems and troubles that were vexing me, like something about a millionth the size of the tiniest ant, chasing back and forth with infinitesimal grains of matter to build something that a fly would destroy by stepping on it.

The great scientist, James Jeans, is said to have remarked that there are as many stars in the sky as there are grains of sand on all the beaches of the world. How then do we—our world—our universe—appear from any of those stars? Is our world even important enough to exist for them?

Such thoughts are a great help to women contemplating the idea of a nervous breakdown—on account of the things of every day.

Foreman—No, sir. I don't pretend to set my opinion up against yours.

FASHION NOTE

"I'm a self-made man." "You're lucky. I'm the revised work of a wife and three daughters."

SLOW BOY

Jack—When you proposed to me, I suppose she said, "This is an accident."

Bob—No, she was honest and said: "This suspense has been terrible."

SPECIAL ELECTION

Election Notice

To the qualified electors of the Village of Grayling, Crawford County, Michigan.

Notice is hereby given that a special election will be held at the Town Hall at the corner of Ottawa and Spruce Streets in the Village of Grayling in the County of Crawford and State of Michigan, on Wednesday, August 8, 1934, from 7 o'clock in the forenoon until 8 o'clock in the afternoon, Eastern Standard Time, to vote on the following propositions:

Proposition 1.

To issue \$37,300.00 Waterworks Mortgage Bonds of the Village of Grayling for the improvement of the Waterworks System.

Shall the Village of Grayling borrow the sum of \$37,300.00 to improve the waterworks system of the Village by the construction of two deep wells complete with pumping equipment and well houses, the construction of a 100,000 gallon elevated steel storage tank, the reconstruction of parts of the existing distribution system and construction of extensions thereto, and the installation of fire hydrants, gate valves, service meters and appurtenances, and issue mortgage bonds of the Village therefor, payable only out of, and secured only by mortgage on the property and revenues of the waterworks system of the Village, including a franchise stating the terms on which, in case of foreclosure, the purchaser may operate the same?

Yes No

Proposition 2.

To improve the waterworks system of the Village of Grayling, and to mortgage the waterworks system of the Village for \$37,300.00 to secure bonds to pay part of the cost thereof, and to grant a security franchise stating the terms on which, in case of foreclosure, the purchaser may operate the same.

Shall the Village of Grayling improve the waterworks system of the Village by the construction of two deep wells complete with pumping equipment and well houses, the construction of a 100,000 gallon elevated steel storage tank, the reconstruction of parts of the existing distribution system, and construction of extensions thereto, and the installation of fire hydrants, gate valves, service meters and appurtenances, mortgage the waterworks system of the Village for \$37,300.00 to secure bonds to be issued to pay part of the cost of such improvement, and grant a security franchise stating the terms on which, in case of foreclosure of said mortgage, the purchaser may operate said system, in substantially the following form:

A franchise is hereby granted, subject to all laws regulating same in force at the time of the execution of said mortgage, to become operative in the event of foreclosure, by which the purchaser at such foreclosure sale may operate said waterworks system for the term of twenty years from and after such sale, and may sell and deliver water therefrom to and within the Village of Grayling, may enter, excavate and use in a reasonable manner the streets, highways, alleys, and other public places of the village for the purpose of laying, repairing, replacing and extending pipes, mains, conduits, and laterals for the conveyance and distribution of water, provided all damage done thereby be promptly and properly repaired, may make additions and extensions to the waterworks system, including wells, storage tanks, pipes, mains, conduits, laterals, buildings, appliances, machinery, pumps, boilers and any other equipment considered desirable by the holder of the franchise; the holder of the franchise, subject to all laws regulating same in force at the time of execution of said mortgage, shall have the right to fix and determine the rules and regulations under which water shall be furnished, and the rates to be charged therefor, which rates shall be, as near as may be, such as will produce a return sufficient to pay (1) operating expenses, (2) maintenance, repair and replacement expenses, (3) cost of improvements, repairs, extensions and additions to the plant or system and (4) to repay within the term of the franchise to the holder thereof the amount of his bid (not to exceed the principal amount of bonds then outstanding and accrued interest thereon, and reasonable expenses of foreclosure, including court costs and attorneys fees), together with a reasonable return on the sums invested or paid by him as aforesaid; provided that the village shall pay only the reasonable value of any services furnished to it. Such franchise during the term thereof shall carry the exclusive right to furnish water.

Only such persons having the qualifications of electors who

have property unencumbered for taxes in the Village of Grayling or the lawful husbands or wives of such persons are entitled to vote on Proposition 1. All qualified electors are entitled to vote on Proposition 2.

The Board of Registration will meet on Thursday, July 19, 1934, in the office of the Village Clerk for the purpose of completing the registration of the Village. By order of the Village Council, July 12, 1934.

Lorane Sparkes, Village Clerk.
